

ANNEX

**Recovery and Resilience Facility**  
**First modification to the**  
**Operational arrangements between the European Commission and Latvia**

[The modification to the Operational Arrangements shall enter into force on the date of receipt of the European Commission’s agreement in writing.]

This modification to the Operational Arrangements is made by and between

the European Union, represented by the European Commission,  
hereinafter referred to as “**the Commission**”

and

**Republic of Latvia**, represented by the Minister of Finance,  
Hereinafter referred to as “**the Member State**”,

hereinafter jointly referred to as the “Parties” and each of them a “Party”

The Parties have agreed the following:

Operational Arrangements of 16 February 2022 between the European Commission and Latvia are modified as follows:

(1) In Section 3: Timeline for payment requests

(a) The table for Financial Contribution is replaced by the following:

<i>Payment Request for the First Instalment</i>	<i>EUR 231 000 000,00</i>	<i>Q2 2022</i>
<i>Payment Request for the Second Instalment</i>	<i>EUR 388 000 000,00</i>	<i>Q2 2023</i>
<i>Payment Request for the Third Instalment</i>	<i>EUR 318 000 000,00</i>	<i>Q2 2024</i>
<i>Payment Request for the Fourth Instalment</i>	<i>EUR 387 000 000,00</i>	<i>Q2 2025</i>
<i>Payment Request for the Fifth Instalment</i>	<i>EUR 258 000 000,00</i>	<i>Q2 2026</i>
<i>Payment Request for the Sixth Instalment</i>	<i>EUR 387 244 522,00</i>	<i>Q3 2026</i>

- (2) Annex I: Milestones, Targets and Related Indicators is replaced by the following Annex I.
- (3) Annex II: Arrangements and Timetable for Monitoring is replaced by the following Annex II.

## Annex I

### Milestones, Targets and Related Indicators

#### A. COMPONENT 1: CLIMATE CHANGE AND ENVIRONMENTAL SUSTAINABILITY

#	Related Measure (Reform or Investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Description of each milestone and target
					Unit	Baseline	Goal	Q	Year				
1	1.1.1.r. Greening the Riga Metropolitan Area Range Transport System	Milestone	Coordinated approach for passenger transport planning, ordering and organisation of the Riga metropolitan area	A coordinated approach has been implemented for passenger transport planning, ordering and organisation of the Riga metropolitan area	N/A	N/A	N/A	Q4	2023	Ministry of Transport		A summary document duly justifying how the milestone (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence. This document shall include as an annex the following documentary evidence: a) minutes of the working group for the coordination of Riga metropolitan area public transport planning as well as all other strategic documents it has produced; b) a copy of and a link to the public transport plan accompanied by a summary document duly justifying how the milestone (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence).	Completion of the necessary steps to implement coordinated approach. This includes among others: — setting up a working group for the coordination of Riga metropolitan area public transport planning; — The Riga metropolitan area public transport plan has been adopted in line with the development of passenger transport by rail in Latvia.
2	1.1.1.r. Greening the Riga Metropolitan Area Range Transport System	Milestone	Reform of public transport RMA	Entry into service of a unified multimodal public transport route network for the Riga metropolitan area	N/A	N/A	N/A	Q4	2025	Ministry of Transport		A summary document duly justifying how the milestone (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence. This document shall include as an annex the following documentary evidence: a) the single and harmonised timetable of the Riga metropolitan area transport approved by the authorities responsible for commissioning public transport; b) a document such as a user guide / passenger guide setting out the single price and discount policy; c) a sample of a single ticket for integrated public transport system Riga metropolitan area.	Entry into service of a multimodal public transport route network for the Riga metropolitan area with a single and harmonised timetable, single price and discount policy and single ticket for integrated public transport system Riga metropolitan area

#	Related Measure (Reform or Investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Description of each milestone and target
					Unit	Baseline	Goal	Q	Year				
3	1.1.1.1.i. Competitive rail passenger transport within the common public transport system of the city of Riga	Target	Length of electric rail lines created and existing railway upgraded for passenger transport		Km	0	100	Q1	2026	Ministry of Transport		<p>A summary document duly justifying how the target (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence.</p> <p>This document shall include as an annex a list of all projects financed under the measure including:</p> <ol style="list-style-type: none"> <li>their contribution in terms of length of electric rail lines created and/or upgraded;</li> <li>description of the project; and</li> <li>the category of the projects as provided by the target i.e.: <ol style="list-style-type: none"> <li>electrification (change of contact network for transition to 25 kV electrification system, increase of total length of electrified lines),</li> <li>related activities (reconstruction of the existing train traffic management systems and signaling systems (SCB), reconstruction of overpasses and bridges (inc. prevention of oversized engineering structures), construction of SCADA and telecommunication lines and systems, reconstruction or replacement of cables and cable junctions in medium voltage and high voltage lines, etc.)</li> </ol> </li> </ol>	Electrification (change of contact network for transition to 25 kV electrification system, increase of total length of electrified lines) and related activities (construction of electric track sections, adaptation of signaling systems).
4	1.1.1.1.i. Competitive rail passenger transport within the common public transport system of the city of Riga	Target	Construction of battery train charging infrastructure		Km	0	45	Q3	2026	Ministry of Transport		<p>A summary document duly justifying how the target (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence.</p> <p>This document shall include as an annex:</p> <ol style="list-style-type: none"> <li>certificate of completion signed by the contractor(s) and the contracting authority(ies) concerning battery electric train charging infrastructure on the Zemītani-Sigulda rail line;</li> <li>certificate of completion signed by the contractor(s) and the contracting authority(ies) of electrification of 45km of railway on the Zemītani-Sigulda line;</li> <li>certificate of completion signed by the contractor(s) and the contracting authority(ies) for the construction of the 3.3kV traction power substation.</li> </ol>	Battery electric train charging infrastructure completed and certified on the Zemītani – Sigulda rail line, including electrification of 45 km of rail lines and construction of a 3.3kV traction power substation.

#	Related Measure (Reform or Investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Description of each milestone and target
					Unit	Baseline	Goal	Q	Year				
5	1.1.1.2.i. Environmentally friendly improvements to the public transport system of the city of Riga	Target	Number of electric transport investments (electric buses and charging stations)		Number	0	24	Q3	2026	Ministry of Transport		A summary document duly justifying how the target (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence. This document shall include as an annex: a) certificate of delivery of 17 electric buses; b) certificate of completed construction of 7 charging stations for buses.	The following zero-emission transport investments shall be completed: - Delivery of 17 electric buses - Construction of 7 charging stations for buses
5a	1.1.1.2.i. Environmentally friendly improvements to the public transport system of the city of Riga	Milestone	Public transport infrastructure projects completed	Completed projects	N/A	N/A	N/A	Q3	2026	Ministry of Transport		A summary document duly justifying how the milestone (including all the constitutive elements) was satisfactorily fulfilled with appropriate links to the underlying evidence. This document shall include as an annex the certificates of completion of the projects referred to in the milestone description.	The following transport infrastructure shall be completed: - Bus rapid transit lane, 5.3 km long - One public transport hub (bus/electric bus, tram and trolleybus) - Eight mobility points - Extension of tram line by 2.2 km - Extension of trolleybus line by 0.3 km
6	1.1.1.3.i. Complete bike riding infrastructure	Target	Length of newly built or renovated cycle infrastructure in the city of Riga and Pieriga (part of Riga Metropolitan Area)		Km	0	52	Q3	2026	Ministry of Transport		A summary document duly justifying how the target (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence. This document shall include as an annex: a) a list of all projects, their length in km and nature (renovation or new construction); b) certificate of entry into operation of newly built or renovated cycle infrastructure.	Entry into operation of newly built or renovated cycle infrastructure.
7	1.2.1.1.i. Improving the energy efficiency of multi-apartment buildings and transition to renewable energy technologies	Milestone	Entry into force of support programme for improving energy efficiency in residential buildings	Entry into force of support programme for improving energy efficiency in residential buildings	N/A	N/A	N/A	Q1	2022	Ministry of Economics		A copy of the support programme regulation and a link to the publication in the Official Journal, including a reference to the provision indicating the entry into force, accompanied by a summary document duly justifying how the milestone (including requirements of applicable intervention field 025 bis) was satisfactorily fulfilled, with appropriate links to the underlying evidence.	Entry into force of support programme for improving energy efficiency in residential buildings with eligibility criteria to reflect requirements of applicable intervention field "025 bis – energy efficiency renovation of existing housing, demonstration projects and support measures meeting energy efficiency criteria" of Annex VI of the RRF Regulation.

#	Related Measure (Reform or Investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Description of each milestone and target
					Unit	Baseline	Goal	Q	Year				
8	1.2.1.1.i. Improving the energy efficiency of multi-apartment buildings and transition to renewable energy technologies	Target	Approved projects representing at least EUR 40 097 400		EUR	0	40 097 400	Q3	2024	Ministry of Economics		A summary document duly justifying how the target (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence including: a list of approved projects and their amounts.	Approved projects by Altum representing at least EUR 40 097 400. Approval is undertaken by the development finance institution Altum.
9	1.2.1.1.i. Improving the energy efficiency of multi-apartment buildings and transition to renewable energy technologies	Target	Reduction of primary energy consumption in multi-apartment buildings with improved energy efficiency		MWh/Year	0	14 423	Q3	2026	Ministry of Economics in cooperation with Joint Stock Company "Development Finance Institution Altum"		A summary document duly justifying how the target (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence. This document shall include as an annex: a) aggregated energy performance certificates before and after the renovation action; b) the list of dwellings renovated and, for each dwelling, the renovation actions completed, the registration numbers of the energy performance certificates before and after the renovation action, and expected energy saving achieved.	Reduction of primary energy consumption in multi-apartment buildings benefiting from improved energy efficiency renovations under the measure.
10	1.2.1.2.i. Increasing energy efficiency in business in the form of a combined financial instrument	Milestone	Entry into force of the Support Programme for Entrepreneurial Energy Efficiency	Entry into force of Regulation	N/A	N/A	N/A	Q1	2022	Ministry of Economics, Altum		A summary document duly justifying how the target (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence. This document shall include as an annex: a) a copy of the regulation of the Cabinet of Ministers and the link to the publication in the Official Journal including a reference to the provision indicating the entry into force; b) explanation how the following eligibility criteria are established: <ul style="list-style-type: none"> <li>- the requirements of applicable intervention field 024.ter of Annex VI to the RRF Regulation;</li> <li>- the existence of a minimum threshold for energy savings per euro of public funding invested as an eligibility criterion for the project;</li> </ul>	Entry into force of Regulation approved by the Cabinet of Ministers supporting the implementation of programmes to improve energy efficiency of businesses. The support programmes shall be implemented in the form of a combined financial instrument, which is a repayable loan and a capital discount. As eligibility criteria to reflect requirements of applicable intervention field "024.ter – Energy efficiency and demonstration projects in SMEs or large enterprises and support measures meeting energy efficiency criteria [3]" of Annex VI of the RRF Regulation the aid conditions shall set a minimum primary energy saving of 30 % for energy efficiency projects in buildings and for equipment, a minimum of 30 % of average primary energy savings in the project portfolio of the RRF measure

#	Related Measure (Reform or Investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Description of each milestone and target
					Unit	Baseline	Goal	Q	Year				
												<ul style="list-style-type: none"> <li>- compliance with the DNSH principles in line with the DNSH Technical Guidance (2021/C58/01) and with relevant EU and national legislation;</li> <li>- the use of competitive tendering for projects with the highest expected energy savings per one euro invested.</li> </ul>	(with at least 25 % for energy efficiency equipment). In order to ensure that results are achieved, the conditions shall include a minimum threshold for energy savings per euro of public funding invested as an eligibility criterion for the project. The conditions shall include eligibility criteria to ensure compliance with the DNSH principles in line with the DNSH Guidelines (2021/C58/01) and with relevant EU and national legislation. Support shall be provided through competitive tendering for projects with the highest expected energy savings per one euro invested.
11	1.2.1.2.i. Increasing energy efficiency in business in the form of a combined financial instrument	Target	Planned GHG emission savings		Co2 equivalent in t/year	0	11 498	Q3	2026	Ministry of Economics, ALTUM		<p>A summary document duly justifying how the target (based on expected emission savings) was satisfactorily fulfilled, with appropriate links to the underlying evidence including a detailed explanation of the method used to calculate expected emission savings.</p> <p>In the cases of ETS installations, this document shall contain the following information:</p> <ol style="list-style-type: none"> <li>1) Installation ID/Aircraft Operator ID in the European Union Transaction Log (EUTL) as established by Art. 5 of the Commission Regulation (EU) 389/2013;</li> <li>2) The projected level of GHG emissions per unit of product for awarded projects with activities under the EU ETS;</li> <li>3) Brief description of the project and technologies used.</li> </ol>	Greenhouse Gases emissions savings, in Co2 equivalent per ton, based on expected emission savings as a result of the measure.
12	1.2.1.2.i. Increasing energy efficiency in business in the form of a combined financial instrument	Target	Approved projects representing at least EUR 108 000 000		EUR	0	108 000 000	Q4	2024	Ministry of Economics		<p>A summary document duly justifying how the target (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence including a list of approved projects and their amounts.</p> <p>In the cases of ETS installations, this document shall contain the following information:</p> <ol style="list-style-type: none"> <li>1) Installation ID/Aircraft Operator ID in the European Union Transaction Log (EUTL) as established by Art. 5 of the Commission Regulation (EU) 389/2013;</li> </ol>	Approved projects representing at least EUR 108 000 000.

#	Related Measure (Reform or Investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Description of each milestone and target
					Unit	Baseline	Goal	Q	Year				
												2) The projected level of GHG emissions per unit of product for awarded projects with activities under the EU ETS;  3) Brief description of the project and technologies used.	
13	1.2.1.3.i. Improving municipal buildings and infrastructure by promoting the transition to renewable energy technologies and improving energy efficiency	Milestone	Entry into force of the legal framework for a support programme to improve energy efficiency in municipal infrastructure, which supports projects with a planned reduction of primary energy or CO2 by at least 30 %.	Entry into force of Cabinet Regulation				Q4	2022	Ministry of Environmental Protection and Regional Development		A copy of the Regulation of the Cabinet of Ministers and a link to the publication in the Official Journal, including a reference to the provision indicating the entry into force, accompanied by a summary document duly justifying how the milestone was satisfactorily fulfilled with appropriate links to the underlying evidence. It shall notably explain how the requirements of applicable intervention field 026 bis are met.	Entry into force of Cabinet Regulation laying down implementing conditions for improvement of local government buildings and infrastructure, promoting the transition to the use of renewable energy technologies and improving energy efficiency, with eligibility criteria to reflect requirements of applicable intervention field "026 bis – Energy recovery or energy efficiency measures for public infrastructure, demonstration projects and support measures meeting energy efficiency criteria" of Annex VI of the RRF Regulation
14	1.2.1.3.i. Improving municipal buildings and infrastructure by promoting the transition to renewable energy technologies and improving energy efficiency	Target	Award of contracts for the implementation of energy efficiency improvement projects for local government buildings and infrastructure for at least EUR 27 838 800		EUR	0	27 838 800	Q4	2024	Ministry of Environmental Protection and Regional Development, Central Finance and Contracting Agency, local authorities		A summary document duly justifying how the target was satisfactorily fulfilled, with appropriate links to the underlying evidence including a list of awarded contracts and their amounts.	Notification of the award of contracts for at least EUR 27 838 800.

#	Related Measure (Reform or Investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Description of each milestone and target
					Unit	Baseline	Goal	Q	Year				
15	1.2.1.3.i. Improving municipal buildings and infrastructure by promoting the transition to renewable energy technologies and improving energy efficiency	Target	Reduction in primary energy consumption in municipal buildings and infrastructure		KWh/Year	0	4 544 563	Q4	2025	Ministry of Environmental Protection and Regional Development, local authorities		A summary document duly justifying how the target (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence. This document shall include as an annex: a) aggregated energy performance certificates before and after the renovation action; b) the list of structures renovated and, for each structure, the renovation actions completed, the registration numbers of the energy performance certificates before and after the renovation action, and expected energy saving achieved.	Reduction in primary energy consumption in municipal buildings and infrastructure resulting from energy efficiency improvement measures in municipal buildings and infrastructure supported under the measure. Energy certificates may be used to demonstrate the reduction in primary energy consumption. The measures shall aim to reduce primary energy consumption by at least 30 %.
16	1.2.1.4.i. Improving the energy efficiency of public sector buildings, including historical buildings	Milestone	Entry into force of support programme for improving energy efficiency in national and historical buildings	Entry into force of support programme for improving energy efficiency in national and historical buildings approved by the Cabinet of Ministers	N/A	N/A	N/A	Q1	2022	Ministry of Economics		A copy of the regulation and a link to the publication in the Official Journal, including a reference to the provision indicating the entry into force, accompanied by a summary document duly justifying how the milestone was satisfactorily fulfilled with appropriate links to the underlying evidence. It shall notably explain how the requirements of applicable intervention field 026 bis of Annex VI to the RRF Regulation are met.	Entry into force of a support programme for improving energy efficiency in national and historical buildings, with eligibility criteria to reflect requirements of applicable intervention field 026 bis – Energy recovery or energy efficiency measures for public infrastructure, demonstration projects and support measures meeting energy efficiency criteria of Annex VI of the RRF Regulation.
17	1.2.1.4.i. Improving the energy efficiency of public sector buildings, including historical buildings	Target	Notification of contract award for representing at least EUR 16 769 200		EUR	0	16 769 200	Q3	2024	Ministry of Economics		A summary document duly justifying how the target was satisfactorily fulfilled, with appropriate links to the underlying evidence including a list of awarded contracts and their amounts.	Notification to beneficiaries of contract award representing at least EUR 16 769 200.
18	1.2.1.4.i. Improving the energy efficiency of public sector buildings,	Target	Reduction of primary energy consumption in public buildings with		MWh/Year	0	3 875	Q3	2026	Ministry of Economics		A summary document duly justifying how the target (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence. This document shall include as an annex:	Reduction of primary energy consumption in public buildings with improved energy efficiency resulting from the investments supported under the measure. Energy certificates may be used to demonstrate the reduction in primary energy consumption.

#	Related Measure (Reform or Investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Description of each milestone and target
					Unit	Baseline	Goal	Q	Year				
	including historical buildings		improved energy efficiency									<ul style="list-style-type: none"> <li>a) aggregated energy performance certificates before and after the renovation action;</li> <li>b) The list of structures renovated and, for each structure, the renovation actions completed, the registration numbers of the energy performance certificates before and after the renovation action, and expected energy saving achieved.</li> </ul>	
19	1.2.1.5.i. Modernisation of electricity transmission and distribution networks	Target	Notification of contracts award to projects approved for EUR 80 000 000.		EUR	0	80 000 000	Q1	2023	Ministry of Economics		A summary document duly justifying how the target was satisfactorily fulfilled, with appropriate links to the underlying evidence including a list of notified awarded contracts and their amounts.	Notification to beneficiaries of contracts award to projects approved for EUR 80 000 000.
20	1.2.1.5.i. Modernisation of electricity transmission and distribution networks	Target	Connection points for electric vehicles charging and/or microgeneration installation		Number	0	2 060	Q3	2026	Ministry of Economics		<p>A summary document duly justifying how the target was satisfactorily fulfilled, with appropriate links to the underlying evidence.</p> <p>This document shall include as an annex:</p> <ul style="list-style-type: none"> <li>a) the list with the locations and a short description of the operational connection points for electric vehicles charging and/or operational microgeneration installation;</li> <li>b) certificates proving that connection points and microgeneration installation are operational.</li> </ul>	Combined number of operational connection points for electric vehicles charging and/or operational microgeneration installation
21	1.2.1.5.i. Modernisation of electricity transmission and distribution networks	Milestone	Entry into force of regulatory framework to ensure the transmission of electricity produced from RES to networks (including the use of forests and other public land for wind energy production)	Entry into force of: a) Legislation/regulation making state forests available for wind energy deployment, designating appropriate areas for development and making them available for bidding by	N/A	N/A	N/A	Q2	2024	Ministry of Economics		<p>A copy of the relevant piece of legislation and a link to the publications in the Official Journal, including a reference to the provision indicating the entry into force, accompanied by a summary document duly justifying how the milestone was satisfactorily fulfilled with appropriate links to the underlying evidence.</p> <p>It shall notably explain how:</p> <ul style="list-style-type: none"> <li>a) the legislation will effectively make state forests available for wind energy deployment and reduces legal uncertainty for investments in wind energy;</li> <li>b) the legislation complies with the DNSH principle, notably as regards the impacts of the measure on forests</li> </ul>	<p>Entry into force of:</p> <ul style="list-style-type: none"> <li>a) Legislation/regulation making state forests available for wind energy deployment, designating appropriate areas for development and making them available for bidding by private investors;</li> <li>b) Legislation/regulation reducing legal uncertainty for investments in wind energy by specifying cases in which investments may be rejected post impact-assessment and by introducing fast-track resolution mechanism for such cases.</li> </ul> <p>The measure shall ensure compliance with the DNSH principle, in line with the DNSH Guidelines (2021/C58/01), notably as regards the impacts of the measure on forests due to land use change, and with the EU environmental law.</p>

#	Related Measure (Reform or Investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Description of each milestone and target
					Unit	Baseline	Goal	Q	Year				
			and to promote the development of wind energy infrastructure	private investors. b) Legislation/regulation reducing legal uncertainty for investments in wind energy by specifying cases in which investments may be rejected post impact-assessment and by introducing fast-track resolution mechanism for such cases							due to land use change, and with EU environmental law.		
22	1.3.1.r. Disaster management system adaptation to climate change, rescue and rapid response services	Milestone	Publication of a report on implementation of the disaster risk management system	Publication of an information report on the implementation of the disaster risk management system approved by the Cabinet of Ministers	N/A	N/A	N/A	Q1	2022	The Provision State Agency of the Ministry of the Interior is responsible for the implementation of the decisions of the Construction Council chaired by the Minister of Interior. The Ministry of the Interior is responsible for preparing and reporting the report to the Cabinet of Ministers.	A summary document duly justifying how the target was satisfactorily fulfilled, with appropriate links to the underlying documents as defined in the milestone description. The document shall include as an annex the report specified in the milestone description.	In agreement with the institutions involved in the disaster management system, the Ministry of the Interior shall publish an informative report to the Cabinet of Ministers on the construction sites of disaster centres, construction areas and costs at each construction site, as well as the indicative timetable for the implementation of the disaster management plans to be deployed at each site and on the conclusion of construction contracts, including in the report. The report shall also include an overall reform progress report and an implementation plan on the following reform components: (i) the technical capacity building (notably on the upgrading of specialised response and rescue vehicles), (ii) the timetable for implementation of related disaster management ICT solutions and (iii) progress on implementation of training and preventive measures.	

#	Related Measure (Reform or Investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Description of each milestone and target
					Unit	Baseline	Goal	Q	Year				
23	1.3.1.1.i. Disaster management system adaptation to climate change, rescue and rapid response services	Target	Construction of nearly 0 - energy-consumption disaster management and emergency response centres		Number	0	8	Q1	2026	The Ministry of the Interior is responsible for reporting within the framework of the Cabinet of Ministers' information reports on the implementation of investments. The Provision State Agency shall be responsible for the implementation.		A summary document duly justifying how the target was satisfactorily fulfilled, with appropriate links to the underlying evidence. This document shall include as an annex: <ul style="list-style-type: none"> <li>a) a copy of the certificates of the completion of the construction of the response centres;</li> <li>b) a copy of the certificates of entry into operation of the newly built disaster management and emergency response centres;</li> <li>c) certificates showing that disaster management centres are nearly zero-energy-consumption;</li> </ul>	Number of newly built centres put into service. The investment shall be used for the construction of nearly zero-energy-consumption disaster management centres.
24	1.3.1.r. Disaster management system adaptation to climate change, rescue and rapid response services	Target	Total fire area for wild fires over the 5-year period (2020-2024)		Area (hectares)	3923,1	2 635,3	Q1	2025	State Fire and Rescue Service with reports on 2020. The - 2024 performance will ensure the preparation of the performance report for the indicator. The Ministry of the Interior, as responsible for reporting in the context of the implementation of the RRF plan, will prepare an information report to the Cabinet of		A summary document duly justifying how the target (including all the constitutive elements) was satisfactorily fulfilled, with appropriate links to the underlying evidence. This document shall include as an annex the report from the State Fire and Rescue Service.	Total area affected by wildfires counted as an average over past four consecutive years. Wild fires shall be defined as peat, dry grass, last year's grass, bushes, trees, crop stubbles, hay, rushes and reeds, forest ground, individual tree fires, in accordance with the cumulative State Fire and Rescue Service statistics.

217	7.1.r. Transforming the national energy sector	Milestone one	Regulation on electricity network optimisation	Legal provisions indicating the entry into force of the Regulation	N/a	N/a	N/a	Q4	2025	Ministry of Climate and Energy		Copy of the publication in the Official Journal, accompanied by a summary document duly justifying how the milestone has been satisfactorily fulfilled. This summary document shall include a reference to the relevant provisions indicating the entry into force and the provisions which fulfil the constitutive elements of the milestone, as listed in the description of the milestone and of the corresponding measure in the CID Annex.	Entry into force of regulation of the Cabinet of Ministers: - allowing access to a grid connection point for power plants that might use different generation technologies and whose combined generating capacity exceeds the capacity of the grid connection point; - providing conditions for the operation of such combined generating capacities and for turning on and off certain generation facilities.
218	7.1.r. Transforming the national energy sector	Milestone one	Regulations on biomethane transported outside the natural gas transmission and distribution systems	Legal provisions indicating the entry into force of the Regulations	N/a	N/a	N/a	Q4	2025	Ministry of Climate and Energy		Copy of the publication in the Official Journal, accompanied by a summary document duly justifying how the milestone has been satisfactorily fulfilled. This summary document shall include a reference to the relevant provisions indicating the entry into force and the provisions which fulfil the constitutive elements of the milestone, as listed in the description of the milestone and of the corresponding measure in the CID Annex.	Entry into force of the regulations of the Cabinet of Ministers, which shall:  - lay down the conditions for the injection of sustainable biomethane transported outside the natural gas transmission and distribution system into the common natural gas supply system; - enable small biomethane producers to inject their produced sustainable biomethane into the common natural gas supply system.
219	7.2.i. Security and stability of energy supply, and synchronisation with the Union grid	Milestone one	Regulation governing the installation of a Battery Energy Storage System	Legal provisions indicating the entry into force of the Regulation	N/a	N/a	N/a	Q4	2024	Ministry of Climate and Energy		Copy of the publication in the Official Journal, accompanied by a summary document duly justifying how the milestone has been satisfactorily fulfilled. This summary document shall include a reference to the relevant provisions indicating the entry into force and the provisions which fulfil the constitutive elements of the milestone, as listed in the description of the milestone and of the corresponding measure in the CID Annex.	Entry into force of the regulation of the Cabinet of Ministers on the legal framework for the investment in the installation of a Battery Energy Storage System in Rézekne.

#	Related measure (reform or investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Milestone and target description
					Unit	Baseline	Goal	Q	Year				
220	7.2.i. Security and stability of energy supply, and synchronisation with the Union grid	Milestone	Contracts for the installation of a 60 MW Battery Energy Storage System and an IT solution for transmission network management	Contracts awarded	N/a	N/a	N/a	Q2	2025	Ministry of Climate and Energy		<p>A summary document duly justifying how the milestone (including all the constitutive elements, as listed in the description of the milestone and of the corresponding measure in the CID annex) was satisfactorily fulfilled, with appropriate links to the underlying evidence.</p> <p>This document shall include as an annex a copy of the awarded contracts.</p>	Awarded contracts for the installation of a 60 MW Battery Energy Storage System in Rēzekne and an IT solution for transmission network management
221	7.2.i. Security and stability of energy supply, and synchronisation with the Union grid	Target	Battery Energy Storage System (BESS)	N/a	MW	0	60	Q4	2025	Ministry of Climate and Energy		<p>A summary document duly justifying how the target (including all the constitutive elements, as listed in the description of the target and of the corresponding measure in the CID annex) was satisfactorily fulfilled, with appropriate links to the underlying evidence.</p> <p>This document shall include as an annex the following documentary evidence:</p> <ul style="list-style-type: none"> <li>- the certificate(s) of completion signed by the contractor(s) and the contracting authority(ies) confirming that the works on the Battery Energy Storage System (BESS) installation have been completed and that the electricity storage capacity is 60 MW.</li> </ul>	A 60 MW Battery Energy Storage System (BESS) has been installed in Rēzekne.
222	7.2.i. Security and stability of energy supply, and synchronisation with the Union grid	Milestone	IT solution for power transmission network management	IT solution for power transmission network management implemented	N/a	N/a	N/a	Q4	2025	Ministry of Climate and Energy		<p>A summary document duly justifying how the milestone (including all the constitutive elements, as listed in the description of the milestone and of the corresponding measure in the CID annex) was satisfactorily fulfilled, with appropriate links to the underlying evidence.</p> <p>This document shall include as an annex the following documentary evidence:</p> <ul style="list-style-type: none"> <li>- the certificate(s) of completion signed by the contractor(s) and the contracting authority(ies) confirming that the IT solution has been completed</li> </ul>	<p>An IT solution for power transmission network management has been implemented. This shall include:</p> <ul style="list-style-type: none"> <li>- the implementation of a cybersecurity solution for critical energy transmission infrastructure;</li> <li>- the development of a concept, and the purchase and installation of software solutions, for the smart management of renewable electricity</li> </ul>

#	Related measure (reform or investment)	M/T	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion		Responsibility for reporting and implementation	Further specification (if necessary)	Verification mechanism	Milestone and target description
					Unit	Baseline	Goal	Q	Year				
												and implemented including all the requirements covered by the milestone description.	connections to the national electricity transmission grid.
223	7.3.i. Upgrading, digitalising and securing the electricity transmission and distribution networks	Milestone	Regulations governing investments in the national electricity transmission and distribution networks	Legal provisions indicating the entry into force of the regulations governing investments in the national electricity transmission and distribution networks	N/a	N/a	N/a	Q4	2024	Ministry of Climate and Energy		Copy of the publication in the Official Journal, accompanied by a summary document duly justifying how the milestone has been satisfactorily fulfilled. This summary document shall include a reference to the relevant provisions indicating the entry into force and the provisions which fulfil the constitutive elements of the milestone, as listed in the description of the milestone and of the corresponding measure in the CID Annex, and a list of investments governed by the regulations, with a description of their scope and objectives.	Entry into force of Cabinet of Ministers' regulations governing investments related to new electricity grid capacity, substations, transmission lines and smart energy distribution management.
224	7.3.i. Upgrading, digitalising and securing the electricity transmission and distribution networks	Target	Additional electricity grid capacity	N/a	MW	0	70	Q2	2026	Ministry of Climate and Energy		<p>A summary document duly justifying how the target (including all the constitutive elements, as listed in the description of the target and of the corresponding measure in the CID annex) was satisfactorily fulfilled, with appropriate links to the underlying evidence.</p> <p>This document shall include as an annex the following documentary evidence:</p> <ul style="list-style-type: none"> <li>- the certificate(s) of completion signed by the contractor(s) and the contracting authority(ies) demonstrating that two new 110kV substations have been built and specifying the additional capacity created, expressed in MW;</li> <li>- the certificate(s) of completion signed by the contractor(s) and the contracting authority(ies) demonstrating that five existing 110kV substations have been increased in capacity and specifying the increase in capacity, expressed in MW.</li> </ul>	New electricity grid capacity developed for a total of 70 MW. This shall be achieved by building two new 110 kV substations and by increasing the capacity of five existing 110 kV substations.

### Arrangements and Timetable for Monitoring

#### A. COMPONENT 1: CLIMATE CHANGE AND ENVIRONMENTAL SUSTAINABILITY

#	Related Measure (Reform or Investment)	Milestone / Target	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion	
					Unit of measure	Baseline	Goal	Quarter	Year
1.1	1.1.1.r. Interim step -	Monitoring	Progress on coordinated approach for passenger transport planning	Submission of a concept report reflecting the design and modalities of the reform planned for implementation by Q4 2023.	N/A	N/A	N/A	Q4	2022
1	1.1.1.r. Greening the Riga Metropolitan Range Transport System	Milestone	Coordinated approach for passenger transport planning, ordering and organisation of the Riga metropolitan area	A coordinated approach has been implemented for passenger transport planning, ordering and organisation of the Riga metropolitan area	N/A	N/A	N/A	Q4	2023
2	1.1.1.r. Greening the Riga Metropolitan Range Transport System	Milestone	Reform of public transport RMA	Entry into service of a unified multimodal public transport route network for the Riga metropolitan area	N/A	N/A	N/A	Q4	2025
3.1	1.1.1.1.i. Interim step -	Monitoring	Procurements contracts for the total length of railway sections to be created / upgraded under measure 1.1.1.1.i. have all been signed	Signed contracts				Q4	2023
3	1.1.1.1.i. Competitive rail passenger transport within the common public transport system of the city of Riga	Target	Length of electric rail lines created and existing railway upgraded for passenger transport		Km	0	100	Q1	2026
4.1	1.1.1.1.i. Interim step	Monitoring	Procurement contracts for the construction of train charging infrastructure under measure 1.1.1.1.i have all been signed					Q4	2023
4	1.1.1.1.i. Competitive rail passenger transport within the common public transport system of the city of Riga	Target	Construction of battery train charging infrastructure		Km	0	45	Q3	2026
5.1	1.1.1.2.i. Interim step	Monitoring	Cumulative number of (a) delivered electric buses and b) constructed charging stations for buses		Number	0	5	Q3	2025
5	1.1.1.2.i. Environmentally friendly improvements to the public transport system of the city of Riga	Target	Number of electric transport investments (electric buses and charging stations)		Number	0	24	Q3	2026
5a	1.1.1.2.i. Environmentally friendly improvements to the public transport system of the city of Riga	Milestone	Public transport infrastructure projects completed	Completed projects	N/A	N/A	N/A	Q3	2026
6.1	1.1.1.3.i. Interim step	Monitoring	Procurement contracts have been signed for the total length of newly built or renovated cycle infrastructure under measure 1.1.1.3.i					Q4	2024
6	1.1.1.3.i. Complete bike riding infrastructure	Target	Length of newly built or renovated cycle infrastructure in the city of Riga and Pieriga (part of Riga Metropolitan Area)		Km	0	52	Q3	2026

#	Related Measure (Reform or Investment)	Milestone / Target	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion	
					Unit of measure	Baseline	Goal	Quarter	Year
7	1.2.1.1.i. Improving the energy efficiency of multi-apartment buildings and transition to renewable energy technologies	Milestone	Entry into force of support programme for improving energy efficiency in residential buildings	Entry into force of support programme for improving energy efficiency in residential buildings	N/A	N/A	N/A	Q1	2022
8.1	1.2.1.1.i. Interim step	Monitoring	Approved projects representing at least EUR 20 048 700		EUR	0	20 048 700	Q1	2023
8	1.2.1.1.i. Improving the energy efficiency of multi-apartment buildings and transition to renewable energy technologies	Target	Approved projects representing at least EUR 40 097 400		EUR	0	40 097 400	Q3	2024
9.1	1.2.1.1.i. Interim step	Monitoring	Reduction of primary energy consumption in multi-apartment buildings with improved energy efficiency (20% of the projects completed by Q4 2024)		MWh/Year	0	2884	Q4	2024
9	1.2.1.1.i. Improving the energy efficiency of multi-apartment buildings and transition to renewable energy technologies	Target	Reduction of primary energy consumption in multi-apartment buildings with improved energy efficiency		MWh/Year	0	14 423	Q3	2026
10	1.2.1.2.i. Increasing energy efficiency in business in the form of a combined financial instrument	Milestone	Entry into force of the Support Programme for Entrepreneurial Energy Efficiency	Entry into force of Regulation	N/A	N/A	N/A	Q1	2022
11.1.	1.2.1.2.i. Interim step	Monitoring	Approved projects representing at least planned GHG emission savings		Co2 equivalent in t/year	0	2623	Q4	2023
11.2.	1.2.1.2.i. Interim step	Monitoring	Approved additional projects representing at least planned GHG emission savings		Co2 equivalent in t/year	0	5902	Q4	2024
11.3.	1.2.1.2.i. Interim step	Monitoring	Approved additional projects representing at least planned GHG emission savings		Co2 equivalent in t/year	0	9837	Q4	2025
11	1.2.1.2.i. Increasing energy efficiency in business in the form of a combined financial instrument	Target	Planned GHG emission savings		Co2 equivalent in t/year	0	11 498	Q3	2026
12.1.	1.2.1.2.i. Interim step	Monitoring	Approved projects representing at least EUR 20 000 000		EUR	0	20 000 000	Q4	2023
12	1.2.1.2.i. Increasing energy efficiency in business in the form of a combined financial instrument	Target	Approved projects representing at least EUR 108 000 000		EUR	0	108 000 000	Q4	2024
13	1.2.1.3.i. Improving municipal buildings and infrastructure by promoting the transition to renewable energy technologies and improving energy efficiency	Milestone	Entry into force of the legal framework for a support programme to improve energy efficiency in municipal infrastructure, which supports projects with a planned reduction of primary energy or CO2 by at least 30 %.	Entry into force of Cabinet Regulation				Q4	2022
14.1	1.2.1.3.i. Interim step	Monitoring	Award of contracts for the implementation of energy efficiency improvement projects for local government buildings and infrastructure for at least EUR 15 000 000.		EUR	0	15 000 000	Q4	2023
14	1.2.1.3.i. Improving municipal buildings and infrastructure by promoting the transition to renewable energy technologies and improving energy efficiency	Target	Award of contracts for the implementation of energy efficiency improvement projects for local government buildings and infrastructure for at least EUR 27 838 800		EUR	0	27 838 800	Q4	2024

#	Related Measure (Reform or Investment)	Milestone / Target	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion	
					Unit of measure	Baseline	Goal	Quarter	Year
15	1.2.1.3.i. Improving municipal buildings and infrastructure by promoting the transition to renewable energy technologies and improving energy efficiency	Target	Reduction in primary energy consumption in municipal buildings and infrastructure		KWh/Year	0	4 544 563	Q4	2025
16	1.2.1.4.i. Improving the energy efficiency of public sector buildings, including historical buildings	Milestone	Entry into force of support programme for improving energy efficiency in national and historical buildings	Entry into force of support programme for improving energy efficiency in national and historical buildings approved by the Cabinet of Ministers	N/A	N/A	N/A	Q1	2022
17.1	1.2.1.4.i. Interim step	Monitoring	Notification of contract award representing at least EUR 8 384 600		EUR	0	8 384 600	Q4	2023
17	1.2.1.4.i. Improving the energy efficiency of public sector buildings, including historical buildings	Target	Notification of contract award for representing at least EUR 16 769 200		EUR	0	16 769 200	Q3	2024
18.1	1.2.1.4.i. Interim step	Monitoring	Reduction of primary energy consumption in public buildings with improved energy efficiency (20% of the projects completed by Q4 2025)		MWh/Year	0	891	Q4	2025
18	1.2.1.4.i. Improving the energy efficiency of public sector buildings, including historical buildings	Target	Reduction of primary energy consumption in public buildings with improved energy efficiency		MWh/Year	0	3 875	Q3	2026
19.1	1.2.1.5.i. Interim step	Monitoring	Entry into force of support programme for modernisation of electricity transmission and distribution networks	Entry into force of support programme for modernisation of electricity transmission and distribution networks approved by the Cabinet of Ministers	N/A	N/A	N/A	Q2	2022
19	1.2.1.5.i. Modernisation of electricity transmission and distribution networks	Target	Notification of contracts award to projects approved for EUR 80 000 000.		EUR	0	80 000 000	Q1	2023
20.1	1.2.1.5.i. Interim step	Monitoring	Connection points for electric vehicles charging and/or microgeneration installation (30% of connection points created by Q4 2025)		Number	0	618	Q4	2025
20	1.2.1.5.i. Modernisation of electricity transmission and distribution networks	Target	Connection points for electric vehicles charging and/or microgeneration installation		Number	0	2 060	Q3	2026
21.1	1.2.1.5.i. Interim step	Monitoring	Concept paper for the regulatory framework	Concept paper for the regulatory framework to ensure the transmission of electricity produced from RES to networks (including the use of forests and other public land for wind energy production) and to promote the development of wind energy infrastructure, reflecting the outcome of policy discussions with the various stakeholders.	N/A	N/A	N/A	Q2	2023

#	Related Measure (Reform or Investment)	Milestone / Target	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion	
					Unit of measure	Baseline	Goal	Quarter	Year
21	1.2.1.5.i. Modernisation of electricity transmission and distribution networks	Milestone	Entry into force of regulatory framework to ensure the transmission of electricity produced from RES to networks (including the use of forests and other public land for wind energy production) and to promote the development of wind energy infrastructure.	Entry into force of: a) Legislation/regulation making state forests available for wind energy deployment, designating appropriate areas for development and making them available for bidding by private investors. b) Legislation/regulation reducing legal uncertainty for investments in wind energy by specifying cases in which investments may be rejected post impact-assessment and by introducing fast-track resolution mechanism for such cases	N/A	N/A	N/A	Q2	2024
22	1.3.1.r. Disaster management system adaptation to climate change, rescue and rapid response services	Milestone	Publication of a report on implementation of the disaster risk management system	Publication of an information report on the implementation of the disaster risk management system approved by the Cabinet of Ministers	N/A	N/A	N/A	Q1	2022
23.1	1.3.1.1.i. Interim step	Monitoring	Number of submission projects for the construction of nearly zero-energy-consumption disaster management and emergency response centres	N/A	Number	0	8	Q4	2023
23.	1.3.1.1.i. Disaster management system adaptation to climate change, rescue and rapid response services	Target	Construction of nearly 0 -energy-consumption disaster management and emergency response centres		Number	0	8	Q1	2026
24.1	1.3.1.r. Interim step	Monitoring	Total fire area for wild fires over the 5-year period (2020-2022)	N/A	Area (hectares)	3923,1	3279,2	Q1	2023
24	1.3.1.r. Disaster management system adaptation to climate change, rescue and rapid response services	Target	Total fire area for wild fires over the 5-year period (2020-2024)		Area (hectares)	3923,1	2 635,3	Q1	2025
25	1.3.1.2.i. Investments in flood risk reduction infrastructure	Milestone	Construction contracts awarded for half the total number of rebuilding and renewal	Construction contracts awarded for half the total number of rebuilding and renewal	%	0	50	Q4	2024
26.1	1.3.1.2.i. Interim step	Monitoring	Contracts for all the projects protecting against the risk of flooding awarded	Construction contracts awarded for the total number of renovations	%	0	100	Q4	2025
26	1.3.1.2.i. Investments in flood risk reduction infrastructure	Target	Number of investment projects completed		Number	0	21	Q3	2026

## B. COMPONENT 2: DIGITAL TRANSFORMATION

192.1	6.2.1.3.i. Interim step	Monitoring	Adoption of the regulatory framework for the operation of the training centre	Support of the draft law in the Cabinet of Ministers for ensuring the operation of the training centre. Submission and the commencement of its review to the Saeima. The law prescribes the establishment and functioning of single model for the development of the qualifications of judges, court staff, prosecutors, assistant prosecutors and specialized investigators (interdisciplinary matters) including the definition of the involvement of the judiciary and the Judicial Council on training content and methodology	N/A	N/A	N/A	Q2	2023
192.2	6.2.1.3.i. Interim step	Monitoring	Adoption of the regulatory framework for the full public funding	Priority submitted for the financing of the training centre from the State budget partly from 2025 and in full from the second half of 2026	N/A	N/A	N/A	Q4	2023
192.3	6.2.1.3.i. Interim step	Monitoring	Adoption of the regulatory framework for the full public funding	The State Budget Law for 2024 has been adopted, the priorities of which include funding for the operation of the training centre.	N/A	N/A	N/A	Q4	2023
192	6.2.1.3.i. Establishment of a single training centre for the development of the qualifications of judges, court staff, prosecutors, assistant prosecutors and specialised investigators (interdisciplinary matters)	Milestone	Entry into force of the law and other legal acts related to the justice training centre	Entry into force of the regulatory framework for the operation of the training centre and public funding ensured in state budget law for 2025.				Q1	2025
193	6.2.1.3.i. Establishment of a single training centre for the development of the qualifications of judges, court staff, prosecutors, assistant prosecutors and specialised investigators (interdisciplinary matters)	Target	New training programme development		Number	0	10	Q4	2024

#	Related measure (reform or investment)	Milestone / target	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion	
					Unit of measure	Baseline	Goal	Quarter	Year
194	6.2.1.3.i. Establishment of a single training centre for the development of the qualifications of judges, court staff, prosecutors, assistant prosecutors and specialised investigators (interdisciplinary matters)	Target	Implementation and adoption of training programmes		Number	0	10	Q2	2026
195.1	6.2.1.3.i. Interim step	Monitoring	Development of technical specification of renovation for the justice training centre, and announcement of procurement	Procurement announced	N/A	N/A	N/A	Q4	2022
195	6.2.1.3.i. Establishment of a single training centre for the development of the qualifications of judges, court staff, prosecutors, assistant prosecutors and specialised investigators (interdisciplinary matters)	Milestone	Establishment of a training centre	Adaptation of premises (renovation) and provision of equipment for the training centre completed				Q4	2024
196	6.3.1.r. Modernisation of public administration	Milestone	Approved Plan for Modernisation of Public Administration	Plan for Modernisation of Public Administration approved				Q4	2022
197	6.3.1.r. Modernisation of public administration	Milestone	Review of progress in the implementation of the Plan for Modernisation of Public Administration approved	Review of progress in the implementation of the Plan for Modernisation of Public Administration approved				Q4	2025
198	6.3.1.r. Modernisation of public administration	Milestone	Concept of the Single Service Centre approved as a prerequisite for the provision of centralised services	N/a				Q4	2022
199	6.3.1.r. Modernisation of public administration	Target	Share of direct public administration human resources receiving accounting and human resource management services centrally.	N/a	% of total number of employees employed in direct administration	0	15	Q3	2026
200	6.3.1.1.i. Open, transparent, fair and accountable public administration	Milestone	Competence framework available, including training programmes	Competence framework is available in the State Administration School Training Management system and approved by an internal regulatory act of the School of State Administration and the state budget law for 2024 has been passed.	N/a	N/a	N/a	Q4	2023
201.1	6.3.1.1.i. Interim step	Monitoring	Number of public administration employees trained in at least one of the programmes	N/a	Number	0	8000	Q3	2024

#	Related measure (reform or investment)	Milestone / target	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion	
					Unit of measure	Baseline	Goal	Quarter	Year
201	6.3.1.1.i. Open, transparent, fair and accountable public administration	Target	Number of public administration employees trained in at least one of the programmes	N/a	Number	0	16 232	Q3	2026
202	6.3.1.2.i. Professionalisation of public administration and administrative and capacity building	Milestone	Competence framework available, including training programmes	Competence framework is available in the State Administration School Training Management System and approved by an internal regulatory act of the State Administration School and the state budget law for 2024 has been passed	N/a	N/a	N/a	Q4	2023
203.1	6.3.1.2.i. Interim step	Monitoring	Number of public administration employees trained in at least one of the programmes	N/a	Number	0	10000	Q3	2024
203	6.3.1.2.i. Professionalisation of public administration and administrative and capacity building	Target	Number of public administration employees trained in at least one of the programmes	N/a	Number	0	20 011	Q3	2026
204	6.3.1.3.i. Development of the innovation ecosystem of public administration	Milestone	Entry into force of the regulatory framework in relation to the innovation eco-system	Development and implementation of a common experimental framework for public sector innovation				Q2	2025
205	6.3.1.3.i. Development of the innovation ecosystem of public administration	Milestone	Ensuring the financial sustainability of the Innovation Lab	Entry into force of state budget law for 2026	N/a	N/a	N/a	Q3	2025
206	6.3.1.4.i. Growth of non-governmental organisations to strengthen social security representation and monitor public interests	Milestone	Publication of the framework for the support of non-governmental organisations in areas of: -social resilience -advocacy of public interest	The publication of the rules for the support programme	N/a	N/a	N/a	Q4	2022
207.1	6.3.1.4.i. Interim step	Monitoring	Beneficiaries of the support programme	Grant contracts signed	Number of beneficiaries (including partners) of the support programme	0	15	Q3	2024
207	6.3.1.4.i. Growth of non-governmental organisations to strengthen social security representation and monitor public interests	Target	Beneficiaries of the support programme	Grant contracts signed	Number of beneficiaries (including partners) of the support programme	0	30	Q3	2026

#	Related measure (reform or investment)	Milestone / target	Name	Qualitative indicators (for milestones)	Quantitative indicators (for targets)			Indicative timeline for completion	
					Unit of measure	Baseline	Goal	Quarter	Year
208.1	6.4.1.r Interim step	Monitoring	Amendments to public procurement legislation (Public Procurement Law and Law on the Procurements of Public Service Providers) have been adopted.	Amendments to public procurement legislation (Public Procurement Law and Public Service Procurement Law) have been adopted by the Parliament.	N/A	N/A	N/A	Q4	2021
208	6.4.1.r. Creation of a register of public procurement contracts	Milestone	A register of public procurement contracts made available.	Amendments to public procurement legislation and technical solution developed and available for production	N/a	N/a	N/a	Q4	2022
209	6.4.2.r. Improvement of the Competition Environment	Milestone	Entry into force of regulatory framework for improving the competition environment and reducing corruption risks in public procurement.	N/a	N/a	N/a	N/a	Q4	2021
210.1	6.4.3.r Interim step	Monitoring	Performed study for centralised procurement.	Performed study for centralised procurement	N/A	N/A	N/A	Q4	2021
210	6.4.3.r. Development and implementation of a professionalisation strategy	Milestone	Adoption of a strategy for the professionalization of procurers	A strategy has been adopted.				Q1	2022
211.1	6.4.3.r. Interim step	Monitoring	Standardised qualification requirements by sector	Standardised qualification requirements by sector (information and communication technologies, construction, road transport, mobile and fixed communications services). Standardised qualification requirements are available online in iub.gov.lv.	N/A	N/A	N/A	Q4	2021
211	6.4.3.r. Development and implementation of a professionalisation strategy	Milestone	Amendments to the relevant legal acts, regulation and internal procedures	Entry into force of amendments to relevant legal acts, regulations or internal procedures				Q4	2022
212.1	6.4.3.r. Interim step	Monitoring	An information report, including the feasibility study, on centralisation of public procurement has been drawn up.	An information report on centralisation of public procurement has been drawn up. Information report submitted for consideration in the Cabinet	N/A	N/A	N/A	Q4	2022
212	6.4.3.r. Development and implementation of a professionalisation strategy	Milestone	Entry into force of legal acts implementing centralization of procurement	Entry into force of relevant legal acts				Q3	2026
213	6.4.4.r. IUB IT and analytical capacity building	Milestone	Adoption of criteria for identifying risky market sectors, customers and purchases	N/a				Q4	2021
214.1	6.4.4.r. Interim step	Monitoring	Organised procurement and concluded contract for the realisation of development works	Organised procurement and concluded contract for the realisation of development works	N/A	N/A	N/A	Q4	2022
214	6.4.4.r. IUB IT and analytical capacity building	Milestone	Upgrade of publications management system completed	Upgrade of publications management system completed				Q4	2024
